

RE-DESIGN

THE INHERITANCE CYCLE

INTRODUCTION

The Inheritance Cycle by Christopher Paolini is a fantasy series of four books: Eragon, Eldest, Brisingr, and Inheritance. It follows Eragon, who becomes a Dragon Rider. He battles the evil King Galbatorix to free the land of Alagaësia. The series is known for its rich world-building and themes of destiny, power, and the fight between good and evil.

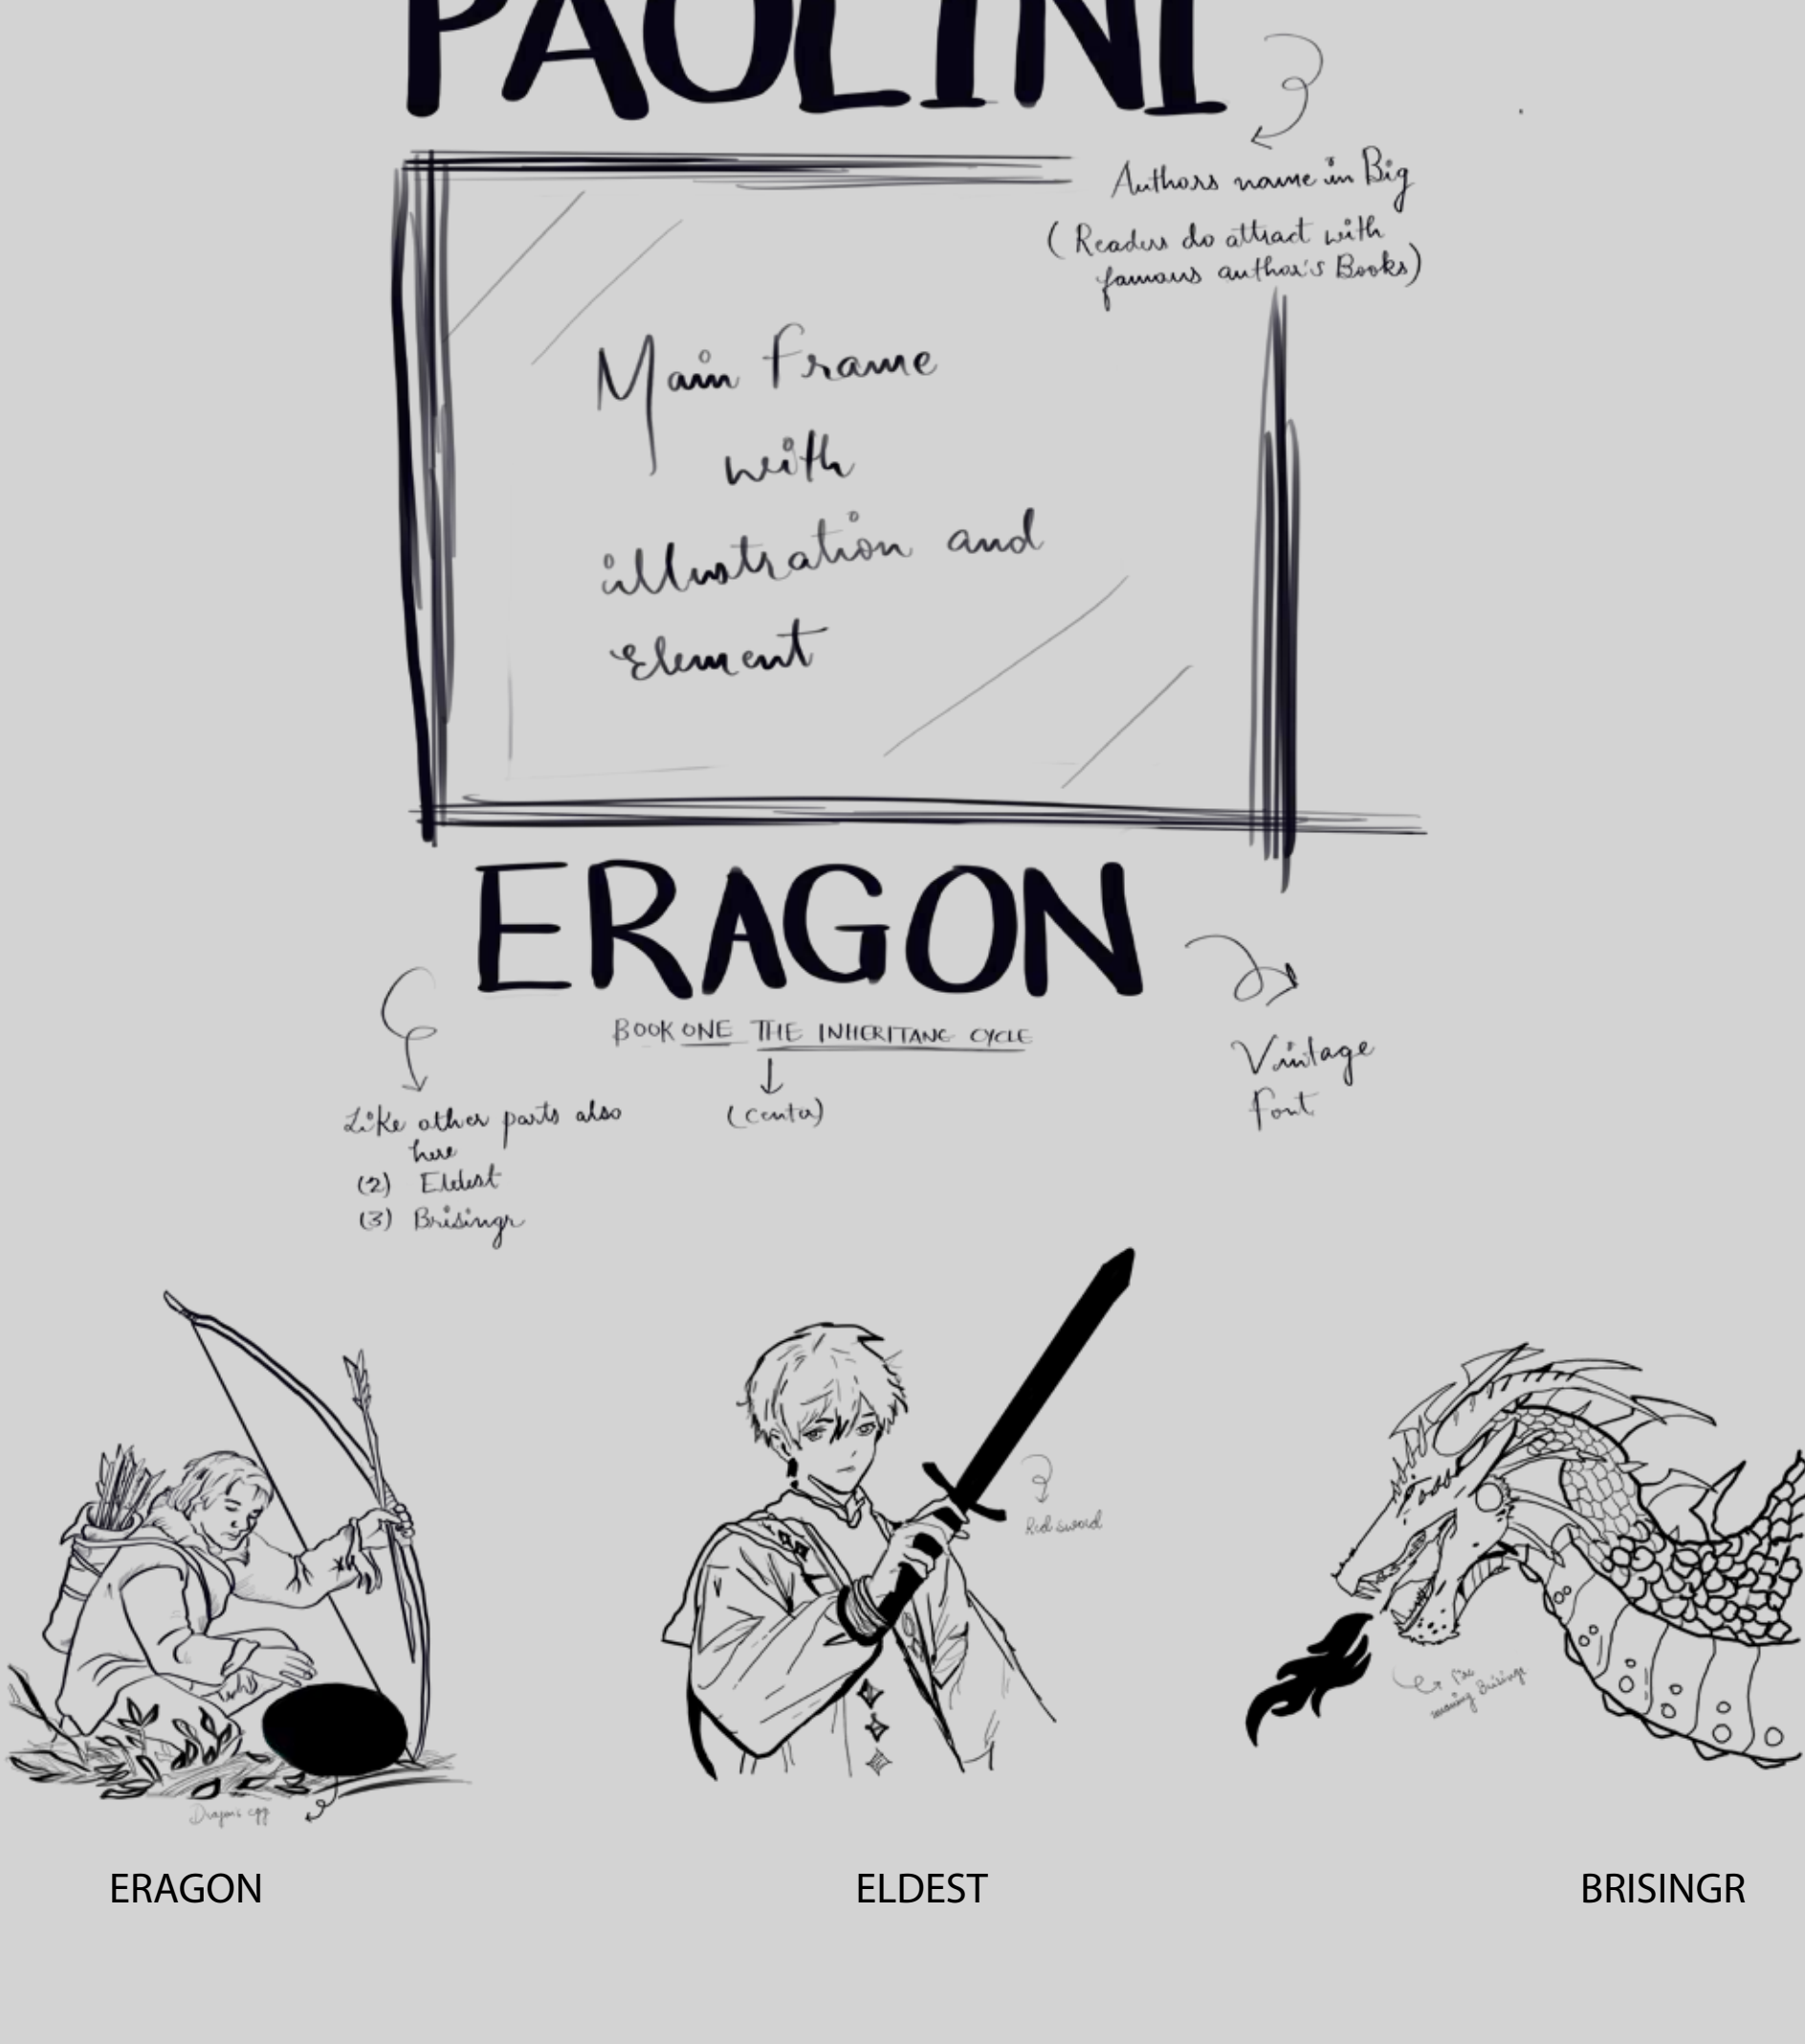

CONCEPT NOTE

- Eragon**
Eragon discovers a mysterious blue stone that turns out to be a dragon egg and named her Saphira and finds himself into a world of magic and power. He learns the Dragon Riders, Under the guidance of Brom, and begins his training.
- Eldest**
Eragon continues his training and about his heritage and his skills as a Rider. The story expands to new characters and his allies preparing for the impending battle against Galbatorix's forces.
- Brisingr**
Eragon and Saphira continue their quest to overthrow Galbatorix. They confront new challenges, including the forging of Eragon's Rider sword, Brisingr. He earns about his family history and leading to significant battles and personal losses.

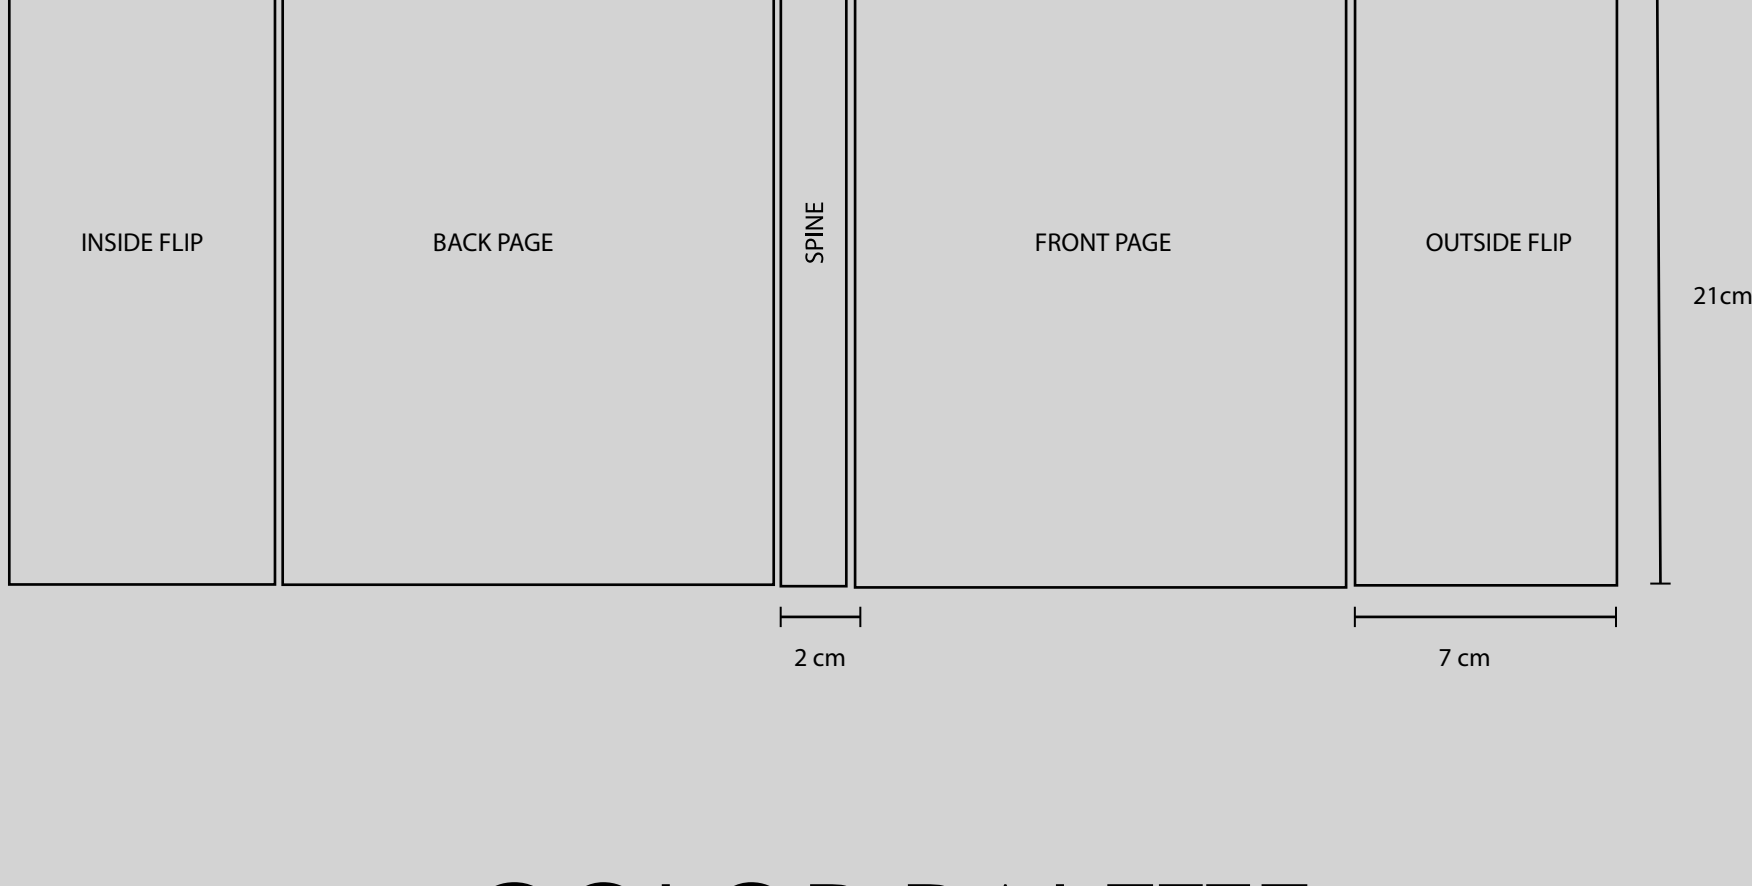

BRAINSTROMMING

PART ONE	Eragon	Eragon egg could represent potential, new beginnings, or a fragile state that needs nurturing
PART TWO	Eldest	The sword often represents power, conflict, or the ability to fight for one's beliefs. It might also symbolize the protagonist's readiness to face adversaries or internal struggles.
PART THREE	Brisingr	Fire can symbolize destruction, purification, or transformation. It may represent a trial by fire that the protagonist must endure or use to achieve their goals.
